Our Story

We are Dillyn, Shane and Siobhan, three people from very different backgrounds who shared a common belief: that a great pub should be more than just a place to eat and drink. It should be a place where people feel at home, where friendships are formed, and where every guest is welcomed like an old friend.

This pub is more than a business to us. It is the result of passion, hard work, and a shared commitment to creating somewhere special for our community. From the food we serve to the atmosphere we cultivate, every decision has been made with our guests in mind.

We believe that the best memories are often made around a table, over a great meal, a perfectly poured drink, and good company. We are incredibly proud of what we have built, and even more excited to share it with everyone who walks through our doors.
